4. DISQUALIFICATION.

a. Whenever an applicant for a new license has had his or her application denied for reasons relating to the fitness of the location of the premises to be licensed, no other application for that particular class of license for such location shall be recommended for approval by the licensing committee within 3 years of the date of denial unless the applicant or owner of the premises has demonstrated a change of circumstances since the prior denial. Before the committee considers any application, the applicant or owner of the premises shall file with the city clerk a written statement setting forth the change in circumstances relating to the fitness of the location of the proposed licensed premises since the prior denial. b-2-a. If the committee determines that the owner of the premises has failed to demonstrate that a sufficient change in circumstances exists, no application for that particular class of license issued pursuant to this chapter for the location shall be recommended for approval by the licensing committee within 3 years of the date that the application for a license for the location was denied for a reason relating to the fitness of the location of the premises.

b-2-b. If the committee determines that a sufficient change in circumstances has been demonstrated, an application for that particular class of license issued pursuant to this chapter for the location may be recommended for approval by the licensing committee.

Each licensee shall be responsible for the acts of any or all of his or her employees while acting as his or her agent.

c-1-h. Any other factor or factors which reasonably relate to the public health, safety and welfare.
